3D files can be converted on a schedule. The schedule is set on the server and applies to all Preview Agents on the network. If you do not have Preview Agent installed, refer to <u>this</u> <u>article</u>.

You can specify the day of the week and the time when the conversion should be performed.

To configure this, open the Daminion Server Administration panel and navigate to Preference:

After that, go to 3D support settings and select step 4 'Scheduler'.
